BEING A LINEHAUL TRUCK DRIVER AND LOCAL TRUCK DRIVER, MY XM RADIO PROVIDES ME LONG DISTANCE WEATHER, TRAFFIC TIEUPS AND NUMEROUS OTHER SERVICES WHICH THE LOCAL RADIO STATIONS DO NOT. I PAY FOR THIS SERVICE WHICH PROVIDES QUALITY AND VARIETY OF MY FAVORITE LISTENING ENTERTAINMENT WHILE DRIVING DOWN THE ROAD AND I DON'T NEED TO REMOVE MY EYES FROM THE ROAD LOCATING A LOCAL RADIO STATION ON THE AM/FM DIAL OF THE RADIO. THE WEATHER BAND CHANNEL ON THE AM/FM ONLY PROVIDES ME WITH THE WEATHER I'M CURRENTLY DRIVING AROUND AND I CAN FORECAST MY DRIVING W/WEATHER IN THE AREAS I'LL BE GETTING TO IN A COUPLE OF HOURS. PLEASE REJECT NAB'S PETITION 04-160 AND SUPPORT XM'S ABILITY TO PROVIDE THE KIND OF PROGRAMMING THAT A CUSTOMER OF XM DESERVE. THANK YOU.
NANCY K. FISHER
